STRATEGY

During the first six months of 2020, NFRA successfully delivered the **Dairy...and Beyond** campaign messaging through carefully developed communication platforms and unique and engaging tactics to reach large audiences of consumers. Our refrigerated messaging and content focused on nutritional value, satisfying all dietary needs, real ingredients, fresh flavors, and innovative tastes and treats that meet the evolving eating preferences of small meals and convenient, healthy snacks. These efforts to promote "dairy and beyond" strategically support refrigerated food sales growth and amplifies members' brands - all with the goal to effectively promote the modern dairy aisle.

TACTICS

Storytellers

Our 2020 Cool Food Panel of home cooks, trained chefs and foodie experts continue to bring their food blogging expertise to NFRA's **Dairy...and Beyond** campaign efforts. During the first six months of 2020, this diverse group developed and shared creative and effective refrigerated food culinary content to large online communities, presenting the modern dairy aisle and fueling positive conversation with refrigerated-based meal, snack, beverage and dessert solutions - all with a focus on NFRA member brands. **The Cool Food Panel has garnered impressions of more than 3M.**

Media Outreach

Media outreach initiatives during the first six months included a Virtual Media Tour (VMT) as well as traditional and online, paid and earned, media outreach. The VMT featured Chef and Cookbook Author Jamie Gwen, touting **Dairy...and Beyond** and focusing on June Dairy Month, the modern dairy aisle and all it

has to offer in its innovation and appeal to all lifestyle and dietary needs. The VMT successfully secured 1,504 broadcast airings and was accompanied by a June Dairy Month multimedia news release, as well as additional media outreach focused on NFRA's State of the Industry report. **Combined media efforts have garnered more than 189.8M impressions.**

Media Partnerships

We continued to work with long-time partner Mr. Food Test Kitchen to create unique, proprietary recipes, and videos - and to effectively reach consumers where they are searching and connecting with food. Highlights during the first half of 2020 included a dedicated June Dairy Month TV spot, multiple recipes and blogs, and new Fast Recipe Videos that continue to attract and engage followers on all Easy Home Meals social platforms. **Mr. Food Test Kitchen activations have garnered 23.8M impressions.**

NFRA's successful #JuneDairyMonth Twitter Party with Resourceful Mommy included member brands, chefs, RDs and bloggers engaging Twitter users in conversations about refrigerated foods, **garnering more than 73M impressions (and 5.7K tweets).**

Easy Home Meals Blog & Social Platforms

The Easy Home Meals website and blog continued to attract a growing and engaged fan base during the first half of the year. The Easy Home Meals social properties also continued to grow in numbers and engagement and promote all things refrigerated dairy (and non-dairy) - including priority products, hot trends of the moment, food holidays, Cool Food Panel content, June Dairy Month and more. **Easy Home Meals gained 394K impressions and 315K social engagements (likes, comments and shares).**

Special Initiatives

In light of the COVID-19 pandemic, NFRA continued our **#AtHomeEasyMeals** social media strategy - including a blog series focused on different categories/themes to bring a little inspiration and fun into meal planning and cooking while "quarantined." The series is full of recipes, information and features on member initiatives during the crisis.

We introduced and shared a new **Dairy Aisle Whiteboard Animation** video - a new tactic and resource for the NFRA and members to utilize on social media.

NFRA also expanded connections and provided additional valuable resources to **Supermarket Registered Dietitians** during the first six months of 2020.

Newsletters

NFRA PR Campaign communications support the consumer outreach and refrigerated food messaging, as well as NFRA member engagement. Our **Easy Home Meals** consumer e-newsletter features trending recipes, refrigerated food tips and food safety guidelines. The quarterly **What's Hot and New in Frozen & Refrigerated Foods** e-newsletter shares new product introductions to industry and consumer audiences.
